Prices subject to change without notice.

Canuel Caterers, being a professionally operated catering business has an expectation of a modest profit for work performed at any and all of these venues. The minimum expectation of sales is \$500 per event or the difference between actual sales and the difference which would total \$500. If the client would prefer there is also the option of arranging with Canuel Caterers for the provision of food trucks, (trailers, carts). These trucks, (trailers, carts) will be selected from a pre- approved list of vendors which meet the following criterion.

- ✓ Business License
- ✓ Food Operating Permit
- ✓ Fire Permit
- ✓ FoodSafe
- ✓ Appropriate Insurance including a Certificate of Insurance naming Canwell Enterprises as an additional insured along with the City of Surrey.
- ✓ Must be self-contained as to water and power

For purposes of this specific project only those food trucks,(trailers, carts) on the pre-approved lists are permitted on the Cloverdale Rodeo and Exhibition Association properties. Clients may not contact the food truck, (trailers, carts) companies directly, instead they must go through Canuel Caterers.

Canuel Caterers fee for allowing other vendors to operate within their territory as defined by contract is 20 percent of Gross Sales, net of taxes, with Canuel Caterers then paying a commission to the Cloverdale Rodeo and Exhibition Association.

The pre- approved list of food truck, (trailers, carts) vendors is as follows, additional vendors may be added or subtracted in the future:
